

State Performance Plan Stakeholder Engagement

Family engagement is an empowering partnership among families, educators, practitioners and the community with shared responsibility for the personal success of children and youth.

- Each year the Mississippi Department of Education, Office of Special Education must report its plan for improving outcomes for students with disabilities to the United States Department of Education, Office of Special Education Programs.
- As we prepare to make that submission for 2022, we would love to have hear from you! Parent feedback is an integral part of developing Mississippi’s State Performance Plan.
- Please join us during any of the virtual meetings listed below to provide feedback and get an overview of the State Performance Plan.
- If you have any questions regarding these meetings, please contact Darrell Latham (dlatham@mdek12.org) or Minnia Winters (mwinters@mdek12.org). You can also reach Darrell or Minnia at 601-359-3498
