

# Student Password Update

In an effort to relieve some of the confusion that results from using different usernames and passwords for multiple accounts, the password format for all student Microsoft and school computer access accounts has been changed.

The new password format is: Uppercase First Initial + Uppercase Last Initial + birthday in six digits.

Example: John Doe who was born on November 3, 2013 would have the following password: JD110313

Usernames will NOT change. Username format is: First Initial + First 4 Letters of Last Name + Last 4 Digits of Student ID + @st.copiah.ms

We appreciate your patience and support as we continue to strive to meet the needs of our students.
